Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

1. The 1944-45 influenza epidemic began 15 months from the outbreak of World War II. It is not clear whether the introduction of influenza was due to the fact that the war had caused a breakdown in the normal pattern of international travel and trade, or whether the war had caused a breakdown in the normal pattern of international travel and trade, or whether the war had caused a breakdown in the normal pattern of international travel and trade.
